HISTORIC HOUSE.

Birthplace of General Albert Sidney Johnston Sold on Thursday.

Miss Frances Doherty, an aged lady, on Thursday conveyed to Mrs. Fanny Collins, wife of Mr. Charles R. Collins, a house and lot opposite the old Courthouse in the town of Washington, the consideration being \$1 and the covenant that the second party will care for and support the party of the first part during her life, and give her proper burial on her death.

Of itself, the foregoing is a very commonplace item; but the house possesses an historic interest that should endear it to every Kentuckian, for within its walls, in 1803, was born one of the world's greatest soldiers—Albert Sidney Johnston—who fell at the head of his Southern troops at Shiloh, April 6th, 1862.

AT OPERA-HOUSE THURSDAY.

Few shows have come to Tarentum than have been better received and performed than "Lost In Egypt," which appeared last Monday evening. The scenic effects were much above the ordinary and the roles as enacted by the members of the company were extremely well carried. Messrs. Harris and Parkinson have splendid opportunities to display their ability and the balance of the company seems to have been selected to best suit the various characters. Taken all in all the show has few equals among those of its class and the many rounds of applause which were given the climaxes attest how well the large audience was pleased. The town has had many good shows this season, but among the best we must class the one just witnessed "Lost In Egypt."

Y.M.C.A.

Men's Rally at Y. M. C. A. tomorrow afternoon at 3 o'clock will be addressed by Rev. H. B. Smith of Ashland. All men cordially invited to be present.

The Queen City is due up tonight for Pittsburgh.

About 6,000,000 bushels of coal got out of Pittsburgh on the present rise.

Captain Frank Hyatt has been appointed Commandant of the Boaz.

There is a nice stage in the river now, and it is likely to remain several weeks.

The ice in the river from the gorges should not interfere with navigation in the least.

The Keystone State was at the wharf several hours yesterday afternoon receiving a large consignment of baled straw for Pittsburgh.

All the available power will be put behind the empty craft along the river to get it as near Pittsburgh as possible before the rise runs out.

The E. R. Andrews passed down with 22 pieces Kanawha coal, closely followed by the Eagle, Douglas Hall and the Flamingo. The latter having 24 barges and 3 flats.

An officer of one of the steamers passing this port dropped in at Vancouver recently and was caught up by the Sheriff with a summons for jury duty. The story he tells is an interesting one, for the defendant in the case was one Sam Lambert, a farmer in Lewis county, and his only crime during the cold days was in getting up in tree tops and singing and praying. His audience was his pursuers. He was finally caught and duly arrested as being insane. He was tried before the jury and convicted.

The work of rebuilding the pilot-house and "texas" of the City of Pittsburgh will be begun as soon as the estimates for the work have been received. The action upon the steering apparatus is completely destroyed. The Pilots of the steamer heretofore were compelled to enter the general room of the "texas" to get into the pilot-house. This will be done away with and the regulation stairs will be built, so that they can reach their station without going into the "texas." She will be ready to leave Cincinnati for Memphis March 20th.

Henry Wheeler, aged 80, and his wife, Victoria, aged 78, died of grip at Flatwoods, the husband at 5:30 and the wife at 7:30 the same morning. They were taken ill at the same time, and were among the early settlers of Greenup county.

A special from Washington says it was rumored at that place Thursday that the President had tendered the new Federal Judgeship in Kentucky to ex-Senator William Lindsay, who declined the office. Senator Lindsay is the senior member of a New York law firm, and could not afford to give up his work in the metropolis. It is still said Judge A. M. J. Cochran will be appointed, though ex-Congressman Pugh has not abandoned hope.

Captain R. T. Coverdale died a few days ago at Rome, Ga. He was a member of the Cincinnati firm Coverdale & Cowell, and it was his concern that competed with the Louisville parties for the contract to build the Maysville Water-works in 1880.
